We, the undersigned, registered, qualified voters of California, residents of \_\_\_\_\_ County (or City and County), hereby propose amendments to the Constitution of California, relating to public higher education tuition and fees, and petition the Secretary of State to submit the same to the voters of California for their adoption or rejection at the next succeeding general election or at any special statewide election held prior to that general election or otherwise provided by law. The proposed constitutional amendment (full title and text of measure) reads as follows:

SECTION 1. Section 10 is added to Article IX of the California Constitution, to read:

As used in this section, "making satisfactory progress toward a degree" means that the pace at which the student is successfully completing coursework will permit him or her to receive the degree within the applicable timeline specified in the official catalogue of the campus at which that student is enrolled.
